

Lamination Stamp Background with Layered Focal

6 APRIL 2026

Build a card with a full watercolour background created by stamping the same lamination design multiple times in different colours and positions, then add a larger focal stamp in the centre for a layered effect.

From our live show **HOBBYMAKER TV - Join us for the latest show - Broadcast 3 p.m. (UK) 6rth April 2026** (6 April 2026) - watch it from 27:45.

WHAT YOU WILL NEED

See the show for everything used.

Take the solid portion of the lamination stamp and ink it with orange, yellow, pink and green colours.

Watch this step: 28:00 into the show

Stamp the inked design onto your card base, positioning it in one corner.

Watch this step: 28:30 into the show

Spray the stamped area with water to activate the watercolour effect.

Watch this step: 29:00 into the show

Rotate the card and repeat the stamping process with different colour combinations around the edges and corners to create a full background.

Watch this step: 29:15 into the show

Allow the background to dry completely.

Watch this step: 30:00 into the show

Stamp the detail portion of the lamination stamp over the dried background in black ink to add definition to the background design.

Watch this step: 32:00 into the show

Select a larger focal stamp from a different lamination set and stamp it in the centre of the card in black ink.

Watch this step: 33:00 into the show

Mount the card onto a mat layer and then onto a card base using foam pads to create height and dimension.

Watch this step: 36:45 into the show

TIPS FROM THE SHOW

- Do not worry about the background being messy or imperfect; watercolour effects are not meant to be perfect.
- You can leave the outline detail off the background and just use the coloured portion for a softer look.
- Every person's card will be unique because the watercolour effect is different each time.
