STEP 3

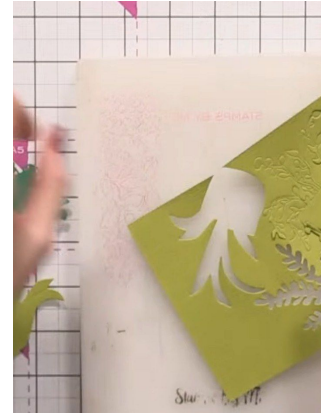

Cut the pot bases from brown cardstock using the pot die pieces. Select multiple pot pieces to build your basket structure, positioning the grey die-cut pieces onto the green cardstock.

STEP 4

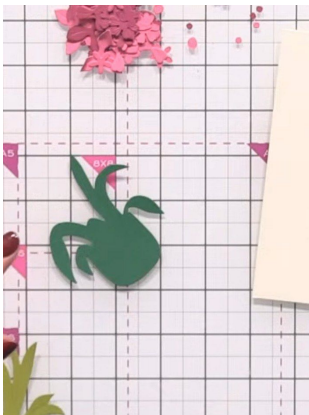

Run the foliage dies through your die-cutting machine again using brown cardstock to create additional layers. This adds depth to your design and makes use of leftover paper.

STEP 10

Use a blending brush with blue ink to create a soft halo effect around the basket on your card background. Apply the ink in circular motions to build up a gentle sky-like backdrop behind your 3D hanging basket.
Watch this step: 56:00 into the show

STEP 11

Flick water droplets across the blue inked background using your fingers to create texture and soften the appearance. The water will create lighter spots where it lands, giving a natural, weathered effect.

STEP 12

Add eyeball centres to the pink flowers using a brown pen or marker. Embellish the card with gems, sequins or other decorative elements to complete your hanging basket design.

TIPS FROM THE SHOW

- Keep all die-cut pieces on a plate to prevent losing them whilst crafting.
- Layer foliage at different levels to create perspective and avoid a flat appearance.
- Use water flicking on inky backgrounds to create texture and disguise uneven blending.
