

Silhouette Stamp Illusion Card with Heat Embossed Design

A PROJECT FROM OUR LIVE SHOW - CREATE TOGETHER CLUB - 12 APRIL 2022

ABOUT THIS PROJECT

Create a striking card featuring a heat-embossed floral design on coloured card stock, layered with hand-coloured silhouette elements and decorative circles to create an optical illusion that makes the design appear connected when it isn't. The technique combines heat embossing, ink blending, pen work, and dimensional layering for a sophisticated, multi-textured finish.

TIPS FROM THE SHOW

- If you have a circle die, use it for neat circles; if not, cutting freehand still works well.
- Using coloured card stock as your base saves time and energy compared to doing a full ombre background.
- White gel pen highlights bring artwork forward and add dimension, so don't be afraid to use them generously.
