

Make a Splash Whale Lamination Card with White...

17 OCTOBER 2025

Create a striking whale and wave design using the Make a Splash lamination stamp set on coloured card stock. By stamping the solid portion in white first, you create a vibrant base layer that makes the subsequent coloured inks pop dramatically off the darker card.

From our live show **ONE DAY SPECIAL - Join Toni for her brand new launch - Broadcast 17th October 2025** (17 October 2025) - watch it from 52:30.

Take the solid portion of the whale stamp and ink it with white ink pad.

Watch this step: 56:45 into the show

Stamp the white whale onto craft-coloured card stock to create a base layer.

Watch this step: 57:30 into the show

Clean the stamp thoroughly with tissue to remove the white pigment ink.

Watch this step: 58:00 into the show

Ink the same solid stamp with teal or blue ink, spraying lightly with water to blend.

Watch this step: 58:15 into the show

Stamp the blue whale directly over the white base layer, allowing the white underneath to create depth and vibrancy.

Watch this step: 59:00 into the show

Dry the card with a heat gun.

Watch this step: 59:30 into the show

Ink the solid wave stamp with white ink and stamp it onto the card to create foam details.

Watch this step: 1:02:00 into the show

Clean the stamp and ink the wave stamp again with a different blue shade, spraying with water.

TIPS FROM THE SHOW

- Stamping in white first on coloured card stock creates a bright, vibrant base that makes subsequent colours stand out dramatically.
- You can paint with your white ink pad by adding water to create a wash effect.
- This technique works especially well on black card stock, where the white base and blue whale will create striking contrast.
