

Shaped Card with Stencilled Background and...

10 OCTOBER 2025

Create a shaped card by using a waist-free die to cut a unique card shape, then building a stencilled background with sparkly effects and adding gnome characters. The result is a festive card with an unusual silhouette and dimensional stencilled details.

From our live show **More Inspiration - Using - Gnome for the Holidays** (10 October 2025) - watch it from 1:17:30.

WHAT YOU WILL NEED

TIPS FROM THE SHOW

- You can overhang the die just slightly over the card hinge to create a shaped card without needing a second panel on top.
- Stencils can be used around the edges of cards rather than covering the whole surface.
