Elephant Balloon Stencil Card with Two-Tone Background

A PROJECT FROM OUR LIVE SHOW - CATCH UP WITH SIMON FOR MONDAY MADNESS IN THE HOW TO CRAFT...

ABOUT THIS PROJECT

Create a vibrant birthday card featuring a stencilled balloon background in green and pink, layered with a stamped and watercoloured elephant character holding a customisable balloon. The stencil creates a soft, blended 3D effect that frames the main image beautifully.

TIPS FROM THE SHOW

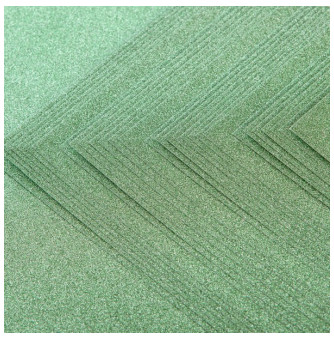

- Use stencils with patterned papers featuring grids or dots to help you centre and position elements accurately.
- You can replace the sentiment in the balloon with a number, photo, or your own custom message to make the card more versatile.
- Don't be heavy-handed with ink when stencilling—light, blended colour creates a more professional, soft effect.
