

Oak Slice and Poinsettia Card

8 SEPTEMBER 2025

Create a rustic Christmas card featuring an embossed oak slice die-cut as the centrepiece, adorned with an elegant white poinsettia. The natural wood grain texture combined with delicate floral elements creates a warm, festive design perfect for the holiday season. This project uses die-cutting, embossing and layering techniques to achieve a dimensional, textured finish.

From our live show **MY PODCAST - Catch my latest updates broadcast 8th September 2025** (8 September 2025) - watch it from 23:45.

WHAT YOU WILL NEED

- Oak Slices - 121224A
- Holly & Berry Paper Textures Pack - 7 X 7 - 031123F
- Holly & Berry Die Collection - 050925B

STEP 1

Cut a piece of cream or kraft cardstock to your desired card base size.

Watch this step: 45:30 into the show

STEP 2

Die-cut an oak slice from the Holly & Berry paper collection using the oak slice die. The die-cut will feature embossed ring and wood grain detailing.

Watch this step: 45:45 into the show

STEP 3

Adhere the embossed oak slice die-cut to your card base using adhesive.

Position it as the focal point of your design, ensuring the wood grain rings are clearly visible.

Watch this step: 46:00 into the show

STEP 4

Die-cut a large poinsettia flower from the Holly & Berry paper collection.

Position the poinsettia at the bottom of the card, layering it over the wood slice elements.

Watch this step: 46:15 into the show

Layer the poinsettia petals together and pinch them gently to add dimension and create a realistic flower shape.

Watch this step: 46:30 into the show

STEP 6

Glue the poinsettia flower next to or overlapping the oak slice on your card front. Position it so the flower complements the wood grain design.

Watch this step: 46:45 into the show

TIPS FROM THE SHOW

- You can distress the oak slice and colour it in teal or other colours to make it look like weathered wood washed up on shore, or keep it in traditional browns.
- The oak slice comes with two different shapes so you get both the rings effect and a jagged edge effect.
