

Holly & Berry Poinsettia Pine Cone Card

8 SEPTEMBER 2025

Create a stunning festive card featuring a dimensional pine cone surrounded by layered poinsettia flowers, berries and foliage. This 7x7 inch design combines rich burgundy, cream and forest green tones with glitter accents on a vintage-style background. The project uses die-cutting, layering and embellishing techniques to build a luxurious three-dimensional Christmas card.

From our live show **Product Demonstration - 9TH Sept 2025** (8 September 2025) - watch it from 46:45.

STEP 1

Select a patterned paper from the **Holly & Berry 7 x 7 paper pack**. Trim it to size using a guillotine to create your card base.

STEP 2

Die-cut multiple poinsettia petals from the **Holly & Berry paper collection**, using various shades including red, burgundy and lighter tones. Cut several layers of petals to create dimension for your card design.

Watch this step: 59:45 into the show

STEP 3

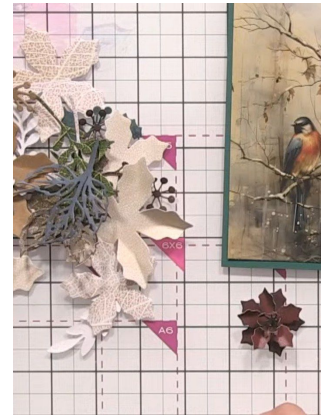

Layer the poinsettia petals by pinching the edges and nesting smaller petals inside larger ones to create dimension. Use the burgundy and white petals, building up from larger to smaller pieces.

Watch this step: 1:10:00 into the show

STEP 4

Create smaller poinsettia flowers using the red and lighter coloured papers from the Holly & Berry collection. Pinch the edges of each petal to add dimension and shape. Cluster these smaller flowers around your main focal poinsettia.

Watch this step: 1:11:00 into the show

STEP 5

Die-cut skeleton leaf foliage pieces from the Holly & Berry papers. Arrange and layer them as greenery around the base of your poinsettia flowers to create depth and texture.

Watch this step: 1:11:45 into the show

STEP 6

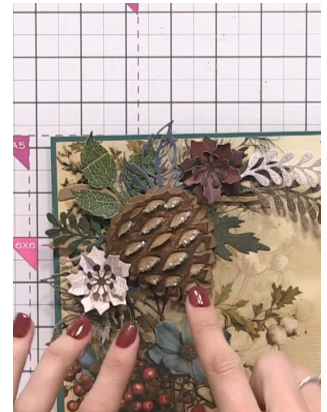

Apply glue to the tips of the large pine cone. Dust the glued areas with crystal clear colourless mixed media glitter to create an icy, frosted effect.

Watch this step: 1:12:00 into the show

STEP 7

Arrange the poinsettia flowers, greenery and pine cone on your card base. Tuck leaves under elements to create depth and dimension in your design.

Watch this step: 1:14:30 into the show

STEP 8

Add gems or glitter to the raised parts of the pine cone and flower centres for extra sparkle and dimension. Allow any glue to dry completely before handling the card.

Watch this step: 1:19:30 into the show

STEP 9

Display the completed card with the layered pine cone, foliage, flowers and berries arrangement. The design features a vintage botanical background paper with a teal border, creating an elegant festive card.

Watch this step: 1:20:00 into the show

TIPS FROM THE SHOW

- Do a ton of die cutting in all different colours at home, then sit and have fun with composition without pressure.
- Don't glue anything until you're happy with placement; take a picture on your phone first to check the design.
- Tuck leaves under things as much as you can to give the arrangement depth and realism.
