

Decorative Tile Stamped Card

3 FEBRUARY 2025

Create a stunning slimline card featuring beautiful decorative tile stamps in vibrant ombre colours. This project combines tropical leaf and geometric patterns stamped across rainbow gradient panels, finished with a dandelion motif and 'AMAZING' sentiment. The main techniques include stamping with layered patterns and working with ombre ink blends to achieve a striking multi-coloured effect.

- You can create an ombre effect by stamping the same tile multiple times in slightly different positions.
