

Vellum Wrap Card with Embossed Detail

3 FEBRUARY 2025

Create an elegant card featuring a scenic background wrapped in translucent vellum with embossed corner details. The vellum overlay creates a sophisticated see-through effect in soft greens and natural tones, allowing the beautiful landscape underneath to show through. This project uses simple wrapping and embossing techniques to achieve a professional, layered finish.

From our live show **MIGHTY MONDAY - Join Toni for her detailed papercrafting sessions - Broadcast 3rd Feb 2025** (3 February 2025) - watch it from 4:00.

WHAT YOU WILL NEED

- 100085 - HTCN - Stamps By Me Mini Professional Paper Trimmer 3 X 6 Inch - 240921C
- Stamps By Me - Embossing Folder - White Rose - 310822B

STEP 1

Select a piece of patterned vellum from your collection. Choose one with a light area so you can see detail underneath when layering.

STEP 2

Select a piece of patterned paper from your collection to use as your card base. The paper shown features a peaceful landscape scene with greenery and foliage.
Watch this step: 6:45 into the show

STEP 3

Cut your vellum to the same size as your card base using a mini trimmer for precision. Align the vellum carefully and trim to create a neat edge.

Watch this step: 7:30 into the show

STEP 4

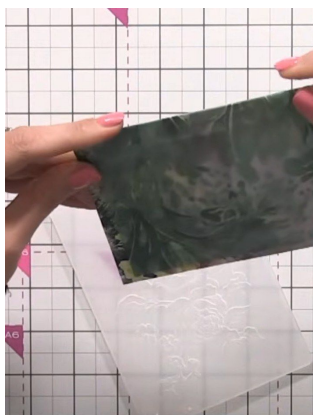

Take one of the remaining vellum pieces and fold it in half to create a small decorative card from the offcut. The embossed White Rose design should be visible on the front.

Watch this step: 8:15 into the show

STEP 5

Position your vellum piece as a wrap around the front of the card base. Allow the vellum to extend slightly around the back edge to secure it in place.

Watch this step: 10:45 into the show

STEP 6

Trim the vellum on the back of the card to approximately one inch depth. This creates an intentional wrapped look rather than appearing accidental.

Watch this step: 11:15 into the show

STEP 7

Run the corner of the vellum through an embossing folder to add a delicate embossed detail, such as a rose, to the corner.

Watch this step: 12:45 into the show

STEP 8

Secure the vellum wrap to the back of the card using double-sided tape. Position the tape along the hinge area where the vellum overlaps the card base.

Watch this step: 14:00 into the show

STEP 9

Stamp a sentiment onto white card stock. Trim the stamped sentiment to size using your paper trimmer.
Watch this step: 16:00 into the show

STEP 10

Adhere your sentiment panel to the front of the card, positioning it so it shows through the vellum overlay. Press firmly to ensure a good crease and secure adhesion.
Watch this step: 16:30 into the show

TIPS FROM THE SHOW

- You don't need patterned vellum; plain vellum works equally well and may show the background more clearly.
- Make sure to give the vellum wrap a good crease down the back so it sits flat against the card.
- If you want the front to stay completely flat, glue the vellum directly to the card before adding your sentiment on top.
