Watch this step: 13:15 into the show

STEP 3

STEP 4

On the second piece of paper, score at half inch, 4.5 inches and 8.5 inches. **Watch this step:** 14:15 into the show

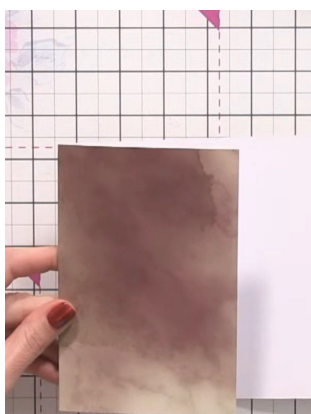

STEP 5

Fold the first piece of cardstock into three equal sections along the score lines to create a tri-fold panel.

Watch this step: 15:00 into the show

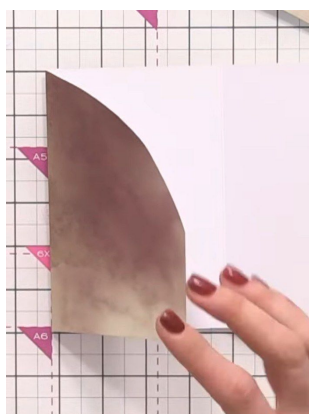

STEP 6

Cut a curved arch from the bottom edge of the brown ombré section freehand with scissors to create a pocket opening.

Watch this step: 15:30 into the show

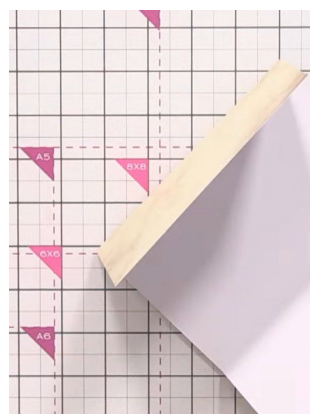

STEP 7

Watch this step: 16:45 into the show

STEP 8

Fold the second 12 x 12 inch sheet in half. Apply glue to one of the hinge strips and attach it to connect this folded piece as an additional page to your album base.

STEP 10

Apply glue along the bottom edge of the punched scalloped section.

Press down firmly to secure it to the base layer, creating a second pocket with a decorative scalloped top opening.

Cut a panel from coordinating patterned paper to fit the inside front cover. Apply glue to the back of the panel and adhere it to the inside front cover to create a decorative background layer.
Watch this step: 23:00 into the show

STEP 12

Wrap elastic around the album spine and tie it in a bow on the front cover. Trim off any excess elastic to create a neat decorative closure.

Watch this step: 43:00 into the show

STEP 14

Embellish the album pages with decorative toppers and coordinating paper scraps. Layer the floral and animal motifs from the Autumn Days collection onto the pages, positioning them attractively across the pockets and panels.

Watch this step: 31:45 into the show

Add the final decorative scene panel to the front cover of your album. Position the panel with the forest scene image and place a cute animal topper (such as the squirrel) in the upper corner to complete the design.
Watch this step: 49:00 into the show

TIPS FROM THE SHOW

- You can use single-sided or double-sided paper; both work equally well for this project.
- Keep measurements to a bare minimum to avoid complication; the decorating is the fun part.
- Maintain at least a half-inch hinge on any folded elements to ensure they hold securely and don't come apart.
