

Stag and Tree Line Layered Christmas Card

15 NOVEMBER 2024

Create an elegant woodland Christmas card featuring a layered stag silhouette with tree line details. The design uses coordinating papers in warm coral and grey tones with die-cut elements to create a dimensional landscape effect. This project combines die-cutting, layering and paper piecing techniques to achieve a sophisticated festive look with 'NOEL' sentiment.

STEP 3

Select a patterned paper from the Merry & Bright pad. Trim the paper to size to create a panel for your card base.

STEP 4

Adhere the patterned paper panel to your grey card blank, positioning it to leave a clean border down one side of the card.

STEP 5

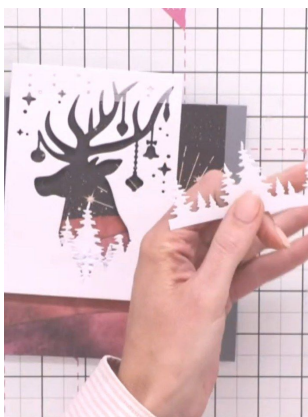

Position the tree line stencil piece over the card using foam pads for dimension. Layer it to fill any gaps in the design, placing the deer silhouette on the left side.

STEP 6

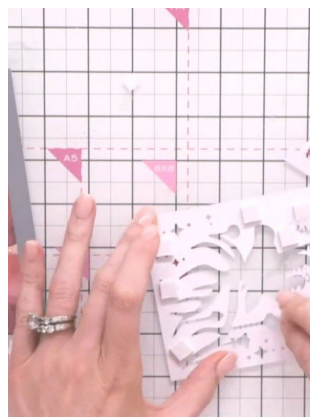

Add a second tree line piece at a different height to the card front. Trim the excess from the leg of the stag using scissors to ensure a neat finish.

Watch this step: 37:00 into the show

STEP 7

Secure additional tree line pieces using foam pads, varying their heights to create a cascading effect across the card front.

Watch this step: 37:45 into the show

STEP 8

Cut a pre-printed sentiment from the Merry & Bright collection. Adhere it below the tree line arrangement on your card front.

Watch this step: 39:00 into the show

STEP 9

Add optional embellishments such as glitter glue or sparkle accents to the tree lines, deer silhouette, or sentiment to add extra festive shimmer to your card.

Watch this step: 40:00 into the show

STEP 10

Secure all layers together with tape or glue to ensure nothing shifts. Your finished layered stag and tree line Christmas card is now complete and ready to display.

Watch this step: 41:00 into the show

TIPS FROM THE SHOW

- You can reuse trimmed tree line pieces for future cards.
- The tree line die stays within the page, allowing you to build multiple trees without cutting out of the page.
- Use the stag as an embellishment in glitter cards or other projects if you prefer not to use it as a main focal point.
