

Embossed Tile Background with Watercolour Wash

23 AUGUST 2024

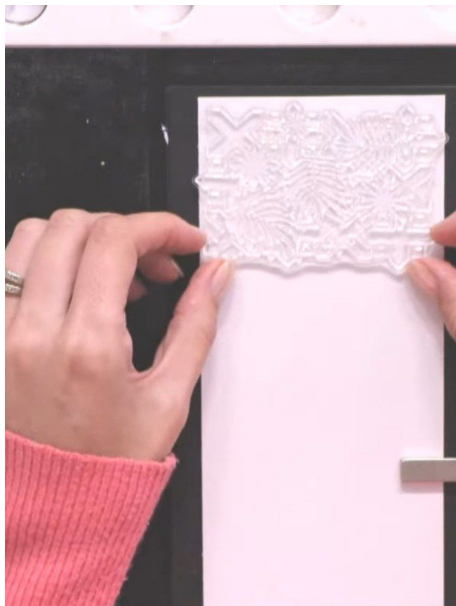

Create a stunning decorative background using abstract tile stamps with gold embossing powder, enhanced with a watercolour wash in teal and pink. The gold embossed areas resist the watercolour, creating beautiful contrast and dimension. This technique combines heat embossing with watercolour painting for an elegant, contemporary finish.

From our live show **ONE DAY SPECIAL - Join Toni for her brand new release - Broadcast 23rd August 24** (23 August 2024) - watch it from 24:30.

Watch this step: 25:15 into the show

STEP 4

Stamp the same abstract tile design at the bottom of the white card panel using the Midnight hybrid ink, spacing it evenly below the first stamped image.
Watch this step: 25:30 into the show

STEP 5

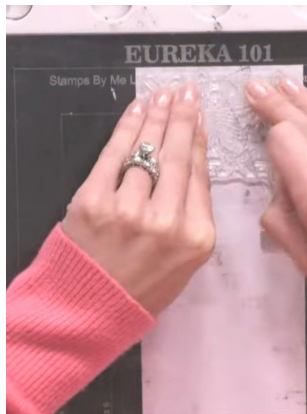

Stamp the tile design once more in the centre of the card using Midnight ink to create three evenly spaced panels.
Watch this step: 25:45 into the show

STEP 6

Dust the wet stamped images generously with gold embossing powder, ensuring all the detail is covered. Tap off any excess powder.
Watch this step: 26:00 into the show

STEP 7

Tap off any excess embossing powder from the white card back into the pot to avoid waste and ensure a clean finish.
Watch this step: 26:15 into the show

STEP 8

Heat set the embossing powder with a heat gun, moving it across the card until the powder melts and becomes shiny and metallic.
Watch this step: 30:45 into the show

STEP 9

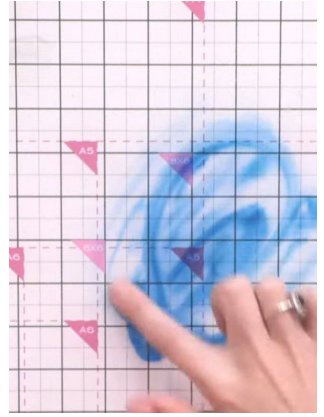

Squeeze teal ink onto a ceramic mat and spray it with water to create a puddle.
Watch this step: 33:00 into the show

STEP 10

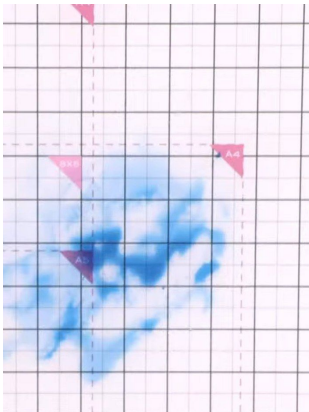

Dip the edge of your embossed card into the teal watercolour puddle, allowing the colour to run and blend across the embossed areas.
Watch this step: 33:15 into the show

STEP 11

Apply pink ink to another area of the card using the same blending technique. Leave some white space between the coloured areas for contrast and light.
Watch this step: 33:45 into the show

STEP 12

Allow the watercoloured card to dry completely before using it as a background or cutting it into individual panels for your projects.
Watch this step: 34:30 into the show

TIPS FROM THE SHOW

- The gold embossing will resist the watercolour wash, creating a beautiful resist effect.
- Leave white spaces and areas of light to create contrast and visual interest.
- You can use the four tile panels individually or keep them together as a full background.
