

3D Floral Card with Watercolour Background

30 MAY 2024

Create a beautiful greeting card featuring dimensional floral elements with a soft watercolour background. This elegant design showcases layered blooms in pink and green tones, enhanced with a heartfelt sentiment reading 'Thankful Grateful Blessed'. The project combines stencilling and watercolour techniques to achieve a delicate, artistic finish with stunning 3D depth.

From our live show **CRAFT BATTLE USING THE BOOKAZINE** - Join the fun, chaos and intense creativity as Toni and Sarah go **HEAD-TO-HEAD** - broadcast 30th May 24 (30 May 2024) - watch it from 13:45.

WHAT YOU WILL NEED

- Inspirational Bookazine Kit - Magazine - 110324A

Prepare your card base. Look through the decorative papers in your kit and select your colour scheme for the watercolour background you'll be creating.

Watch this step: 14:15 into the show

Stamp the floral design onto white cardstock using your chosen ink colour. Press the stamp firmly and evenly to ensure a clear image transfer.

Watch this step: 15:00 into the show

Apply watercolour or diluted ink to your card panel using a blending tool or sponge to create a soft, misty background effect.

Build up the colour gradually, blending as you go for a gentle watercolour wash.

Build up the 3D flowers by layering the cut floral pieces together.

Use foam pads between the layers to create dimension and depth. Position the layered flowers onto your card design.

Watch this step: 17:00 into the show

Select a sentiment stamp from the set and stamp it onto your card. Position the text centrally on the card front where desired.

Watch this step: 18:30 into the show

Attach the 3D floral embellishments to your card base using foam pads to create dimension.

Position them over the watercolour background, layering the flowers and foliage elements for a dimensional effect.

Watch this step: 19:30 into the show

Add optional embellishments such as glitter or sparkle to your finished card for extra shine and dimension. This step allows you to personalise your card with additional decorative touches.

TIPS FROM THE SHOW

- The layering stencil system is fail-proof and allows you to create 3D effects without problems.
- You can use the lamination stamps as individual elements rather than as a complete two-part system.
