

Radiant Poppies Layered Stencil Card with Splats

23 JULY 2026

Create a multi-layered poppy card using numbered stencils and ink, building up colour and texture with splats. The finished card features an artistic, loose aesthetic with vibrant poppies that look like gallery-worthy artwork. From our live show **THE BRAND NEW LAUNCH - Join Toni in her UK Studios - Broadcast 23rd July 2026** (23 July 2026) - watch it from 36:00.

TIPS FROM THE SHOW

- If making one card, make three or five at the same time so you only wash your stencils once.
- Don't worry if the background isn't perfect as the layers and stamp will cover any imperfections.
- You can use the dies to cut out the flower and reposition it if you're unhappy with the background colour.
