

Layered Christmas Card with Stamped and Die-Cut...

19 JUNE 2026

Create a festive Christmas card featuring a layered design with stamped and die-cut elements. This project combines a red square stamp with holly and candy cane motifs, postmark details, and dimensional layering using foam tape. The finished card showcases a classic holiday colour scheme with professional-looking depth and texture. From our live show **HOBBYMAKER TV - Join us for the latest show - Broadcast 6 p.m. (UK) 19th June 2026** (19 June 2026) - watch it from 26:45.

WHAT YOU WILL NEED

See the show for everything used.

STEP 1

Place your white card stock into the Sizzix Making Tool. Position the stencil and stamp tool over the card, then apply red ink to stamp a large festive design onto the white card.

Watch this step: 27:00 into the show

STEP 2

Stamp additional coordinating elements like holly leaves onto a separate sheet of white card using green ink. Use the Sizzix Making Tool to position and stamp the images clearly.

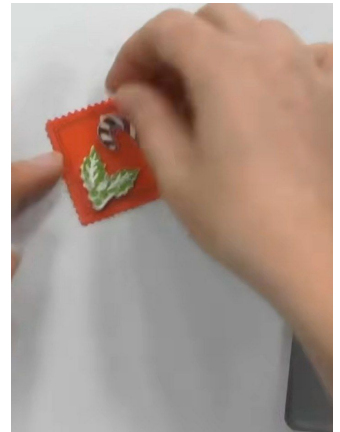

Watch this step: 27:30 into the show

Die-cut the stamped elements using the corresponding framelets from the stamp set. Place the stamped cardstock on the cutting platform with the appropriate die on top and run through the die-cutting machine.

Watch this step: 28:00 into the show

Tear small pieces of double-sided foam tape from the roll. Keep these pieces ready for mounting elements on your card.
Watch this step: 28:30 into the show

STEP 5

Layer the die-cut elements onto the orange background card using small pieces of foam tape to create dimension.

Position the leaf and acorn elements on the card, adding foam tape to the back of each piece before adhering.

Watch this step: 33:15 into the show

STEP 6

STEP 7

Trim the layered card down to size using the scoring board and trimmer. Cut away the excess white card to create a neat edge around your stamped elements.
Watch this step: 34:00 into the show

Add a sentiment stamp or sticker to complete your card. Position it on the white card front where desired and press firmly to secure.
Watch this step: 34:30 into the show

TIPS FROM THE SHOW

- You can tear foam tape with your fingers rather than using scissors.
- The coordinating framelets ensure your die-cuts match your stamps perfectly without fussy cutting.
